Background management

The screenshot shows the iSolarCloud dashboard interface. The top navigation bar includes the iSolarCloud logo, a search bar with the placeholder text "Please enter a keyword.", and several icons. A yellow arrow points to the "Background management" icon, which is circled in yellow. Another yellow arrow points to the "Background management" menu item in the dropdown menu that appears when the icon is clicked. The main content area displays a table of plant data with columns for Plant name, Status, Plant type, Installed power, Real-time power, Yield today, Monthly yield, and Action. The table lists two plants, both with a status of "Normal".
